**PETITION TO WITHDRAW HOLDING OF ABANDONMENT BASED ON FAILURE TO
RECEIVE FINAL REJECTION**Mail Stop Petition
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

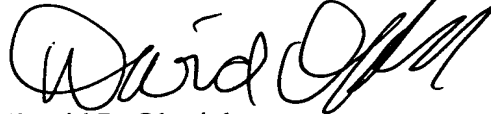

Sir:

Applicant respectfully petitions to withdraw the holding of abandonment in the above-referenced application. The above-referenced application was transferred to Beyer Weaver & Thomas, LLP (customer number 022434), from the law firm of Oppenheimer Wolff & Donnelly (customer number 25696) on or about May 17, 2003. Since then, a Power of Attorney and Revocation of Previous Powers has been filed. A signed power of attorney was faxed to your attention on April 14, 2004 (copy attached). In performing a routine status check for this case in PAIR on April 13, 2004, the record indicated that a Final Rejection was mailed from the Patent & Trademark Office on October 20, 2003. However, the Office Action was mailed to the law firm of Oppenheimer Wolff & Donnelly, where no further action was taken. Oppenheimer Wolff & Donnelly were not able to locate the action. In inquiring about this action to the U.S. PTO, they were able to locate the action and fax it to our office on April 21, 2004, which would be the day after the final date to respond to this final action (mail date October 20, 2003).

The undersigned, David P. Olynick, hereby attests that a search of the file jacket and docket records indicate that no Final Office Action was received prior to the six-month abandonment date and that he is hereby warned that willful false statements and the like so made are punishable by fine or imprisonment or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application resulting therefrom.

In view of the foregoing, applicant hereby petitions for revival of this application. Any fees due in conjunction with this petition the Commissioner is authorized to charge to our Deposit Account No. 500388 (Order No. SRI1P011C1).

Respectfully submitted,
BEYER WEAVER & THOMAS, LLP
